1/8/47

Dear all, -

I thought that by this time I would have a chance to come by - I am running so fast that I don't know what I will be doing the next day - The office is in Baton Rouge and residence in Shreveport - I've been in the office 1½ days so far - As soon as I get to visit all of my parishes, I will come down for a week-end -

Will go see Jim on my next trip there and bring him along when I come down -

Love,

Enoch

Tyler Man Directs Polio Campaign

Enoch O. Dugas of Tyler has been appointed to represent the National Foundation for Infantile Paralysis in northern Louisiana, Basil O'Connor, Foundation president, announced today.

Prior to joining the National Foundation's Louisiana staff, Dugas, a Navy veteran with four years of wartime service, was employed in an administrative capacity by the Office of Price Control, Tyler. Before the war, he was assistant manager of the Blackstone Hotel in Tyler and previously had been secretary and sales manager for the Tydal Refining Company, Gainesville.

A native of the Bayou State, he was born in Scott, La., and received his education at nearby Lafayette High School and Southwestern Louisiana Institute where he majored in business administration.

As National Foundation representative in northern Louisiana, Dugas will supervise and co-ordinate the activities and services to polio patients in the organization's 31 parish chapters in his area. He will work with A. N. Robinson, southern Louisiana representative, who will devote his time to the remaining 33 parishes in the state.

In announcing Dugas' appointment, O'Connor pointed out that the activities of the National Foundation and its chapters, financed by the annual March of Dimes, include:

Payment of hospital bills, medical, nursing and physical therapy fees; transportation to and from hospital and clinics; coordination of the flow of medical supplies, personnel and vital equipment during epidemics; after-care for patients, and when necessary, orthopedic appliances.

Dugas will make his headquarters at the Louisiana State Office of the National Foundation for Infantile Paralysis, 211-212 Masonic Bldg., Baton Rouge.

Airplane being the only mode or transportation in this area. Plane equipped with skies and you land on frozen lakes. This is Big Lake - 8 miles long and 14 the other way.

Bass fishing thru the ice, it was 35 inches thick at that time. Caught Ling Cod and Rainbow Trout. Our dress shows that we were not too cold, sorry the shot was too far.

Dear Lo & the little
Pierres!
How's everyone?
Sorry I have neglected
writing but at this
place you just can't
seem to find the time,
so many things to do. I
promise to write you a
long letter before this week
is gone.
Have something to send you
as soon as I can get them wrapped.
Hope every one is well. Say Hello
to Dad Pete Sis Jimmy
